

Smart Billable Expenses™

By BTerrell Group

Automatically Invoice Customers
for Reimbursable Expenses

Simplify Expenses Reimbursement with BTerrell Smart Billable Expenses™

BTerrell Smart Billable Expenses™ is an easy, foolproof way to automatically create Accounts Receivable invoices from Accounts Payable Bills, Purchase Order entries, General Journal entries, and Time & Expense entries. With BTerrell Smart Billable Expenses™, you can easily collect expenses and create the customer invoice instantly by simply clicking on “Bill to Customer” checkbox and entering the customer number.

Streamline and Automate Your Invoice Creation Process with a Proven Application

Facts about BTerrell Smart Billable Expenses:

- Easy to set up and easy to use
- Automatically creates AR invoices from Accounts Payable Bills, Purchase Order Entries, General Journal Entries, and Employee Expense Entries
- Implements BTerrell Smart Billable Expenses and begins creating invoices automatically in only 3 weeks
- Hosted in the Microsoft Azure cloud with finer reliability and security
- Creates real-time Account Receivable invoices at the point of original expense entries

How will BTerrell Smart Billable Expenses Benefit Your Business?

- Save time by automatically creating Accounts Receivable invoices from Accounts Payable, Purchase Orders, General ledger, and Time & Expenses
- Ensures that reimbursable expenses get billed
- Avoid time-consuming manual data entries and reduces human error
- Invoices created can be modified, printed, or delivered after updating just like any other invoices

Pricing

BTerrell Smart Billable Expenses is an annual subscription-based application. Implementation fees are a one-time charge based on the subscribed functions. Contact us for a competitive quote to save time on invoice creation.
